Ava Orah is an internationally acclaimed trance channeler and renowned intuitive who helps emerging leaders expand their frequency and step boldly into their purpose as catalysts for humanity's ascension into the New Earth.

She is an ordained Essene Priestess, holds a Master's in Pastoral Counseling, and brings over 20 years of expertise as a meditation teacher and mentor.

Ava is an oracle for a living spiral of knowledge known as "The Living Ma." She channels the spiral itself and high-frequency beings who are a vibrational match for The Living Ma. This includes DiYeena of the Pleiadian Family as the main voice and emissary as well as Magdalene, Mother Mary, St. Paul, Isis, the Hathors, and many more.

Together, Ava and these beings assist humanity in anchoring the New Earth frequencies of love, divine union, and the original 13-code human blueprint during this era of profound transformation.
